

ALBUQUERQUE CHINESE MERCHANT THREATENED WITH DEPORTATION

Quon Lung, of the Firm of Sam Kee & Co., is Detained at San Francisco by Government Officials.

Sam Kee, senior member of the firm of Sam Kee & company, dealers in Chinese and Japanese fancy goods and merchandise, located at 217 1/2 South Second street, is a very much worried Chinaman these days. It is all because his partner, Quon Lung, is detained in San Francisco by the government officials, who threaten to deport him.

The troubles of Quon Lung have been brought about by that Celestial's desire to visit the land of his birth. Five years ago Quon Lung went back to China, and that his visit has been an extended one, is seen when it is known that he has just arrived at San Francisco on his return to Albuquerque.

Imagine the Chinaman's surprise when he was taken in charge by Uncle Sam's officers upon the arrival of

the ship at the American port, and refused the privilege of landing, but was placed with other Chinese passengers on the ship in confinement on Alcatraz Island, preparatory to deporting him.

Quon Lung at once established communication with Sam Kee, his partner in this city, and Kee at once took steps to straighten out the difficulties of his business associate. Chinese Inspector Moore at Las Vegas, was notified, and he has been in Albuquerque the past few days looking up Quon Lung's citizenship papers.

Today Mr. Moore practically completed his work and found enough information, it is believed, to satisfy the San Francisco authorities that Quon Lung is all right, and he is expected to be released from custody at once and allowed to proceed to Albuquerque.

LOCAL WHOLESALEERS ARE LAYING IN HOLIDAY GOODS

CANDIES HEAD THE LIST AND SHIPMENTS OF SWEETS IS MUCH LARGER THAN IN THE PAST.

Albuquerque wholesale dealers are laying in their holiday stocks and novelties for the holiday trade and the supply is much larger this season than ever before, which is good evidence that Albuquerque and the surrounding country is growing.

Perhaps the largest stock that is being laid in is in candies. One firm has already received a car load of the sweets and the shipment consists of the penny apple kind. This firm has been handling this class of goods for a number of years but at no time in the past has it placed such a large order as that which is now arriving.

"Our business this year has been much larger and the prospects are bright for a record breaker during the coming holidays and for that reason all of our orders and especially in the candy line, have been increased," said a member of a large firm today.

Local retail dealers in all lines receive a most prosperous fall trade and look for an immense holiday business and the large stocks they are laying in are in preparation for this rush of business.

NOTHING BUT THE REAL THING COULD COMPARE THEM

THIS IS THE VERSION OF A SPECTATOR OF THE BRITT-NELSON MOVING PICTURES LAST NIGHT.

Between 200 and 300 people journeyed to the Elks' opera house last evening to witness a reproduction of the Britt-Nelson light weight championship fight, and so realistic were the pictures that nothing but the real thing could beat them. A spectator was heard to say after the performance that if he lights in the future were to be reproduced as vividly as is the reproduction of the Britt-Nelson fight, it will surely be a great blow to the gate receipts of the actual fight. Instead of paying from \$5 to \$25 to see the real thing, the sports will wait and see the fight on canvas for fifty cents.

Although able writers give vivid descriptions of the fight from the ring side, the reader, to get a right conception of it, must see these pictures. Britt appears to be the quicker of the two, but the dance is the more aggressive, continuing following Britt around the ring and boring in. Nelson's ability of assimilating punishment is in great evidence, but his forcing proclivities are the most remarkable things shown by the pictures.

REV. ROBERT MCINTYRE, NOTED LECTURER COMING

HE WAS IN ALBUQUERQUE LAST APRIL, AND HIS RETURN IN FEW WEEKS WILL BE HAILED WITH DELIGHT.

The Rev. Robert McIntyre, who is well known to Albuquerque people, having lectured here at the First Methodist church last April, will appear here on November 23, in another one of his famous lectures. The entertainment will be given under the auspices of the Brotherhood of St. Paul. The return of Rev. McIntyre to this city will be hailed with delight as he has a host of friends here.

POLICE NEWS

Business in police court was quieter than usual today, and this was probably due to the damp weather last night, which dampened the celebration tendencies of the common drunk. Only six victims faced his honor, Judge Crawford, when court opened at 9 o'clock.

Sedillo Montoya, charged with being drunk and sleeping in the street, was fined \$5.

Frank Mengula, a waiter in a Railroad avenue chop house, had \$5 chalked up against him for being drunk.

John Sweeney, arrested for being drunk and disorderly, received a fine of \$5.

Bob McMeikle helped swell the mourners' bench, as the result of a hilarious drunk, which landed him within the walls of the star house, and it cost him \$5 to breathe pure ozone again.

John Rountree, a hobo of ebony hue, was found dozing in a freight car loaded with raisins, the seal of which had been broken, by Depot Master Wells, and arrested. Rountree denied having broken into the car, and got off with a light sentence of ten days in the county jail on the charge of vagrancy.

room had been made the depository of all the furniture in the building. Hieroglyphics and mysterious symbols adorned the walls of the hall, and various other features had been somewhat changed. All these improvements, however, were not appreciated, and the normal order was restored after several hours of strenuous efforts.

On Thursday evening the Tri-Alphas held their regular meeting and concluded the initiation of Messrs. Danoby and Smith, who had been entertaining students and citizens for a week with their stunts.

The foot ball team has been resting this week to allow several players to get over lameness and bruises. Active practice, however, will continue from now on in preparation for the game with the A. & M. college. Dye is back in school, after an illness with pneumonia, and he will be in the big games. He is one of the most enthusiastic of foot ball players.

An Open Letter

To Our Patrons and Friends

We have entered into a contract with Mr. George W. Hickox, agreeing to sell to him our Jewelry Business, including stock, fixtures, and good will, January 1, 1906. One strong feature of our agreement with Mr. Hickox is that we promise to reduce our very large and complete stock to the lowest possible point before that date and with this end in view, we will begin, Saturday, November 4, a SPECIAL CLOSING OUT SALE to continue until December 31, at which time we positively retire from the Jewelry Business, having arranged to go into the manufacturing lumber business in British Columbia.

Our business in Albuquerque has increased steadily year by year, and grateful for this, we propose for the next two months, to cut out the big end of our profits and to give you such a genuine bargain sale of really Fine, High Grade Goods, as has never been offered in our city.

We invite you to make your selections now and avoid the rush of the December trade. We have ample vault-room and will gladly lay aside the goods you select, until you are ready for them.

We have been in the Jewelry Business 26 years, and have never yet advertised a fake sale. In this sale we will offer you rare bargains in Diamonds and Fine Watches. Every sale will be backed by my personal guarantee. Mail orders solicited and satisfaction assured.

H. S. LUTZ RESIGNS AS SANTA FE AGENT

T. E. Purdy, of Oklahoma City, Appointed to Succeed in Position.

LUTZ COVETS CALIFORNIA JOB

A dispatch sent out from Oklahoma City, Okla., says that T. E. Purdy, formerly traveling passenger agent for the Santa Fe in Oklahoma, has been appointed agent at Albuquerque, succeeding H. S. Lutz, the present incumbent, and that Mr. Purdy will leave that place for Albuquerque in a few days.

Agent Lutz was shown the dispatch this morning, and he stated that it was news to him. About a month ago he said he had written to General Manager Hurley and had notified several other Santa Fe officials that he would resign as soon as another man could be had to take his place, and that he would like to go to California if a place could be found there for him, but that he had not been notified that his successor had been appointed. Mr. Lutz is not physically strong, having come west fifteen years ago for his health, to take a position at Santa Fe, N. M., where he held the position of agent until coming here last spring to succeed Frank L. Myers, who was promoted to trainmaster on the Southern Kansas division of the Santa Fe. The local agency was the most responsible and laborious on the Santa Fe system, being the division point of three divisions, practically under two different managements, and Mr. Lutz's resignation may be attributed to his weakened health.

T. E. Purdy, who is appointed to succeed Mr. Lutz, previous to going to Oklahoma City as traveling passenger agent for the Santa Fe, held the position of agent at Wellington, Kan. Mr. Purdy first entered the service of the Santa Fe in 1881.
